C. Philosophy Senior Thesis Option

Philosophy majors are strongly encouraged, but not required, to write a thesis in their senior year. Writing a thesis develops skills of great value for graduate school or professional work. It also provides an excellent ‘capstone’ experience. For further details, please meet with your faculty advisor.

D. Language Requirement (BA) or Science Requirement (BS)

To receive a Bachelor of Arts (BA) degree, students must also complete the foreign language requirement. To receive a Bachelor of Science (BS) degree, students must take 12 credits in math or science beyond University Studies requirements, as approved by advisor. An additional Science or Social Science major or minor will also complete the BS requirement for the Philosophy major.
Meeting University Studies requirements:

Several philosophy courses meet USU’s University Studies requirements:

- PHIL 1000, 1120, 1320, or PHIL 2400 will fulfill the Breadth Humanities (BHU) requirement.
- PHIL 3100, 3120, 3150, and 3180 will fulfill the Communications Intensive (CI) requirement (two CIs must be taken).
- PHIL 2200 will fulfill the Quantitative Intensive (QI) requirement.
- PHIL 4530 will fulfill the Depth Life and Physical Science (DSC)

So - for example - a student who takes PHIL 1000, 2200, 3100, 3120, 3820, and 4530 has met the BHU, QI, CI, DHA, and DSC requirements – and also has a Philosophy minor as well! ●●●

Students must also be sure to meet the requirements for Communication Literacy (CL), Quantitative Literacy (QL), and for Breadth (BAI, BCA, BLS, BPS, and BSS), as well as the Depth Social Sciences (DSS) requirement. Students should meet with an advisor for further details.

All philosophy majors must complete 30 credits of philosophy. Up to 6 pass/fail credits in philosophy courses may be applied toward the philosophy major.
