

Carson Tatton, New LPCS Language Advisor

10/07/2020

Carson Tatton, LPCS Language Advisor

My name is Carson Tatton and I have been an advisor for USU since December 2019; however, I am a lifelong Aggie. My journey began at USU when I obtained my Associate's degree from USU Eastern in Price and then my Bachelor's in International Business from USU in Logan. I also have my Master's in Education from Western Governors University. I have worked in higher education in advising roles for about 5 years. I have worked with my many programs ranging from teacher education/licensure to history and religious studies.

I have a strong passion for learning foreign languages. In addition to English I also speak Thai. As a student at USU, I also took many Spanish classes. I'm an avid traveler having visited 5 different countries and counting. I love all things international! I have a strong passion for education and I am very excited for the opportunity to work with you on your journey to graduation and beyond!
